- TE Connectivity
- Germany GmbH
- University of Birmingham
- Verband der Bahnindustrie in Deutschland (VDB) e.V.
- German Railway Industry Association
- VINCI Energies
- Deutschland Infrastruktur
- Vossloh AG

WHAT TO EXPECT

The Career & Education Hall 7.1c combines the topics of careers, training and science under one roof. HR experts share valuable knowledge, including how to write top-notch job applications. Get information about the latest job and training offers.

Our Jobwall in the Career & Education Hall offers you all the relevant facts about the rail transport industry's global job market. Make use of our Online Job Market in the Virtual Market Place® and prepare yourself for latest and international job offers.

In our Career Forum exhibitors give lectures and panel discussions to inform you about career opportunities at their companies. There will also be casual Q&A discussions with the exhibitors.

Throughout the whole trade fair, the Career Point acts for you as a signal and guide at the same time. The Career Point marks all companies at InnoTrans, who inform about careers directly at their stands. Use the InnoTrans app and the Virtual Market Place® to figure out which exhibitors you want to visit and then create your own personal route.

This year we offer you once again guided Career Tours. The tours will lead you to the Career Point exhibitors. Register online: www.innotrans.com/career
