

## ”Студенти у фокусу: Студенти као партнери у управљању високим образовањем и обезбјеђењу квалитета“

Erasmus + HEREs Seminar: “Students in focus: Students as partners in higher education governance and quality assurance”, Almaty, Kazakhstan 5-6 April, 2017

Бања Лука, 26.12.2017.

Prof. dr Goran Janjić

## Учешће студената у Болоњском процесу

- Учешће студената је камен темељац Болоњског процеса
- Битан елемент Стандарда и смјерница за осигурање квалитета у Европском подручју високог образовања (ЕСГ),
- Студент у центру учења
- Учешће у управљању високим образовањем и осигурању квалитета.

## Учешће студената у Болоњском процесу

Учешће студената зависи од:

- политичког и друштвеног система
- академских традиција
- активности студентских организација

## Европска студентска унија

Европска студентска унија (The European Students' Union - ESU) је кровна организација састављена од:

- 45 националних студентских организација из 38 различитих земаља и
- 13 европских студентских асоцијација.

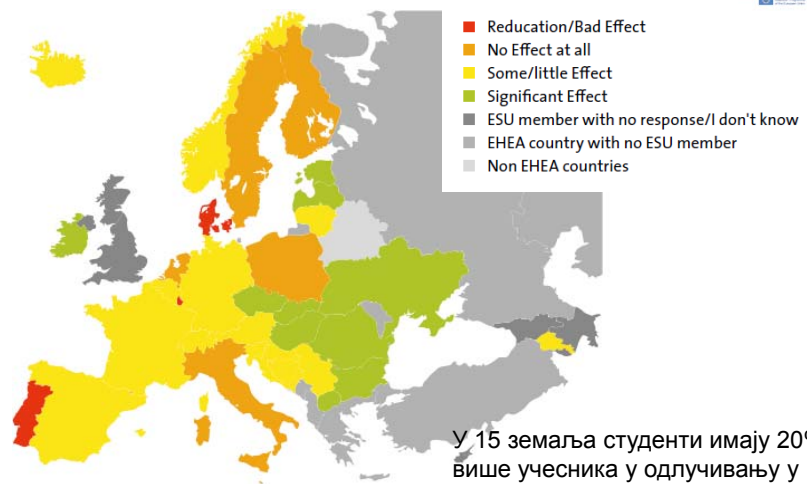

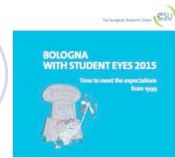

(Представља око 15 милиона студената)

## Европска студентска унија - Чланови

## Укљученост студената у одлучивање

У 15 земаља студенти имају 20% или више учесника у одлучивању у високошколским установама.

## Укљученост студената у обезбјеђење квалитета

- Редовно дају повратне информације – анкета, жалбе
- Чланови радне групе за развој планова и програма – посебна пажња на циљеве учења и методе наставе
- Учешће у радној групи за израду Извјештаја о самовредновању
- Учешће у Савјету за квалитет - спречити питања која нису у складу са интересима студената

Активно учешће у сваком сегменту академског живота како би се обезбиједио квалитет

Квалитет се ствара кроз свакодневне активности

## Повећање квалитета система високог образовања

- Неопходно ангажовање студената
- потребно је успоставити и водити дуги процес културе ангажовања студената
- промијенити начин размишљања којим студент постаје једнак и довољно способан партнер
- отворен дијалог студената и наставника
- обука студената за учешће у обезбјеђењу квалитета
- различити пројекти који се фокусирају на побољшање способности студената да разумију процесе квалитета.

**Welcome to STUDIK**

The STUDIK Project aims to develop and strengthen the students' self-governance in the higher education institutions of Kazakhstan.

Project Events

For this reason, at first the project partners should establish independent student unions in KZ, consisting of elected representatives, able to organize themselves, be politically active and play an important role in the university life.

It is also important to create a set of mechanisms for student influence on the university management and study process (by student representatives being part of the senate / faculty boards) as well as the development of student-for-student services by creating a point of reference for students' concerns.
